## Projects

---

### Wanderlust

MERN-Based Property Booking Platform

- Responsive, full-stack web application using the **MERN stack**.
- Implemented secure user authentication, **Cloudinary** for image uploads, and **Mapbox API** for interactive, location-based property views.
- Followed the **MVC pattern** and deployed both the frontend and backend on **Render**.

### Elegance-Style Redefined

Responsive ecommerce website

- A sleek website that is fully responsive and optimized for viewing on desktops, tablets, and mobile devices.
- Includes dedicated sections for **About Us**, **Product Collections**, and **Contact Information**.
- Includes a working contact form that handles user input and provides feedback .
- Built using **HTML**, **CSS**, and **JavaScript**.
